

MEET THE TEACHER

Miss Bianca Bufanda

Hi my name is Bianca! I am so happy and excited to meet you and your child and I feel so blessed to spend time with your precious child. I will do everything possible to make the time your child spends away from home as joyous and filled with the love of God!

EDUCATION

I grew up in Orange County with my parents and older brother. I received my bachelors degree in Communication Studies with a minor in women studies at Chapman University. After college, God called me back to school and I obtained my child development courses and credentials. I am also certified in American Sign Language.
