

# MEET THE TEACHER

Ms. Lena Ghobry

Hello, my name is Miss Lena, and I am ready to learn right alongside the children and build happy and positive relationships.

## EDUCATION

I consider myself a perpetual student because I am always learning. I received my Bachelor's degree from UCLA and went on to a Master's program in Public Health at Pitt. I'm currently working toward my Associate's degree in Early Childhood Education at Orange Coast College. My favorite school is the outdoors - so much to learn from nature and God's wonderful creation!

Lions 106

## FAVORITES

There are usually three activities you'll find me enjoying during my spare time: reading, sleeping, and spending time with friends talking about deep topics. I am also a musician and like to jam when the music bug bites.
